Introduction

Welcome to PEP for Success. This system has been designed by Virtual Schools and you should find it easy to navigate and intuitive to use. For example, if you want to start a new PEP you press the button that says, 'Start a new PEP'!

This guide can be used on its own or alongside the available training videos. These videos are each only a few minutes long and focus on each of the sections of PEP for Success.

The system is modular – you only need to interact with the modules specific to your needs and your pupils. For example, if one of your pupils has SEND then that module will be 'active'.

Some modules are generic and are the same for all Key Stages. Some modules are tailored for certain Key Stages – such as the 'Data' module.

Whatever type of user you are – Virtual School, Designated Teacher, Social Worker, etc, when you log in you will see a screen that we call a 'dashboard'. Some type of users will see a dashboard for the entire Virtual School. A Social Worker or Designated Teacher will see the personal dashboard for the first pupil on their case list or cohort. These users will only be able to see the case list that is relevant to them.

Each page follows the same pattern: On the left side are the buttons for each module in the PEP. On the right side, there are reports available – though not all users can see these. Across the top are the 'administrative' buttons which you will rarely need to use. Even these are tailored to the type of user login you have.

Throughout PEP for Success, you will see certain sections and boxes with a red asterisk (*) next to them. These are mandatory sections and you won't be able to complete a page unless all these are filled in.

Pages are saved as the user works through them. However, there are two buttons on each page: one to 'Save' – this forces a save of the work done so far if you plan to come back to the page later. The other is 'Complete' which saves the page into the new PEP and indicates in the column of module buttons with a tick to show the module has been updated and is now complete.

The table below shows the list of PEP modules and who has access to them and who is responsible for completing them in the PEP process.

Contact Details for Support

If you require support with PEP for Success, contact details can be found below:

Tel: 0207 183 8357 (Option 3) Email: virtualschools@assetforschools.co.uk

| Module | Virtual School Admin | Social Worker | Designated Teacher |
|----------------------------------|-------------------------|---------------|--------------------------|

| Targets and Actions | Access | Access | Leads on this |
| Quality Assurance and compliance | Access | No access | No access |

How to Log in

You should have received a secure Email through Egress from <u>virtualschools@assetforschools.co.uk</u> with your login credentials. If you do not have an account, please email James Beasley on the email provided above or call on 0207 183 83 57 (Option 2) and he will send your login credentials.

Please enter <u>https://www.assetforschools.com</u> in your web browser's URL, click on Login at the top right and proceed to enter your username and password from the secure email you received.

| Forgot username? Forgot password? 🔒 Secure Website | Forgot username? Forgot password? 🔒 Secure Website |

A one-time pass token will be sent to your email address, please enter the token in the box that says "Token" and click on login. You should now be logged into your account providing the correct credentials and token has been entered.

PEP for Success runs best on Chrome or Firefox. In both cases, your login credentials will be remembered so you do not need to enter them each time. You will, however, have to copy and paste the new token into the box every time you log in.

How to Change Your Password

Changing password functionality can be found under the Support Menu. Please click on Support and select Change Password.

Password must be 8 Characters including Uppercase letter, Lowercase, Special Character among (!,@,#,\$,%,*), and numeric Characters. Please do not copy and paste your password.

Enter your existing password and then you will need to enter your new password twice, to confirm.

| | | Please enter y | Password | |

RESET PASSWORD

If you forget your username you can use Forget username functionality which can be found next to Forgot password. On the page, you enter your email and your username will be sent to your email.

How to Start New PEP

Find the pupil you require to start a new PEP by using the Find Pupil functionality. Once you have found the student you require to click on Start New PEP as shown below.

| SET | | 000 | 0 | | | A Contarios has |
|-----------------------------------|------------------------------------|--------------------------------|------------------|---------------------|-----------------------|-----------------|
| None, WIIT Incode | Encol Mastery (2010-201) Taxa of F | PEP dashboard for AS | SET Test CIC 🛛 🛞 | | | 0 |
| School Name : Asserting Sectorial | | er Group: 111 | 101 | D : Universit | | |
| General attendence 0.0% | Emiliarios to data O | English Annue Sevel | | Mathe Island Isreel | Matha un traile? | |
| Autor | What | (Mar) | | Conplex | di . | |
| Pupit Promum and E | | ate of THES PEP NVRD1 88-18 | Date of NEXT PEP | | ete Code Excellènt | |

Enter the date of the PEP meeting, select from the dropdown the term of the PEP, and enter the due date. Due dates are determined set by the Virtual School though you will have to enter it. If you don't know it just put a date at the end of the term. Select the relevant people to invite to the meeting and invite them to attend the meeting via 'Compose Email'. A pre-populated email template with the appropriate time and date opens. Check the right addresses are in the 'To' box and change the wording if required. Send the email. Once you press Save, the system initiates a new PEP and the modules

become blank ready to be completed. You will be taken to the Basic Information page and from there you can navigate anywhere else you need to go.

Basic Info

Pupil Tab

This module is generic, so it is the same for whichever phase that the student is in and the same for whatever type of login you have. Basic Info can be accessed by clicking on the button label "Basic Info" under the title PEP. Basic Info is the backbone of the system, so it contains all the information on the pupil, and it is what contributes to populating information in the other modules.

The Contacts tab is where you find all the involvements of the pupils and all their contact details in one place. History of School, Social Worker, Pupil's carer, IRO, Social Worker Manager, and Education Advisor Virtual School Officer is available by clicking on the folder icon. The start date and end date of when the contact was involved with the pupil.

Using the Compose Email functionality opens your email programme with the address that has been selected in the Send Email section when selected as 'Yes'. If the email format is invalid e.g. joebloggs@mail ASSET for Schools will notify the user of the error and that there needs be a change before it will open your mail application.

Alt Ed – NEET is a tab where users can enter information if the pupil is not receiving 25 hours per week in an Ofsted registered establishment. This page records any periods in the year where the pupil might have been off timetable for any reason or being educated in an alternative establishment but still on the main school roll.

If 'yes' has been selected for *This student is receiving 25 hours per week in an Ofsted registered establishment?* you will not be able to enter any data within the table beneath the question. If 'no' has been selected, then the user will have the enter data in the table below. The user has dropdown menus

to select from Reason, Hours per week, and Activity. Start Date and End Date are both date fields where a calendar will appear if the user clicks on the field. Additional rows can be added to the table by clicking on the + and can be removed by clicking on the cross at the top right (x).

The Prior Attainment tab is where you can find past and present information regarding the pupil's grades. This can be seen for all Key Stages. For Key Stage 4 and Key Stage 5, you can add in extra subjects for this section. Attainment data is also found in the Data module which includes targets and comments from teachers.

Docs

Docs tab is where you will find all documents across PEP for Success uploaded for the pupil. You are also able to upload documents directly on this tab by clicking on the Up-Cloud button bottom left of the screen.

| Hartory of aducation in Norhe country | | | |
| English Language Skille | | | 4 |
| | | | |
| History of education in home v country | | | |

Clicking on the nationality field will bring up a data table with values for you to select from. You can add new values by selecting Add New. Clicking on Date Arrived in the UK will open a calendar for you to select a date from.

Data Module

The data module is where you will add and find information regarding a pupil's assessment and grades, it will also show the pupil's prior attainment at different Key Stages. The assessment questions differently between Key Stages and will differ between phase so the questions are appropriate for pupils.

Each version of the data module will have a place to upload the school report, clicking upload allows the user to upload school reports, and you are available to view previously uploaded reports by clicking on view reports. Yes and No radio buttons can be selected to show if a school report has been uploaded for the pupil.

EYFS

EYFS Data Module is broken up into different segments (Personal, Social and Emotional Development, Communication & Language, Physical Development, Literacy, Maths, Understanding the World, Expressive Art, and Design). The comments section is a free text area where you can put a comment for each section. Development band, Progress, and ELG are all dropdown menus to select values from.

Pupil Voice

The Pupil Voice Module has different questions depending on the phase of the student, so it is relevant for them at each Key Stage. Accounts with administrative rights can change the headings for these questions by clicking on the title and removing existing text and replacing it with questions they might see more appropriate. Audio and video copies of Pupil Voice can be uploaded by pressing this button here, once a file has been imported it will be seen in available files and available for playback. Any type of file can be uploaded: pdf / picture / video / Word etc

SEND Module

The SEND module is slightly different for children of statutory school age and Post-16 pupils. The SEND module is only available to access for pupils where SEND has been selected on the Basic Info module under SEND. The SEND module will be available for those with EHCP or SEN Support selected. In the module, the table at the top of the page will show what support the student is receiving with Yes No radio buttons. If Yes for ECHP a dropdown of primary identified needs can be selected from. Further down the page, there are free text boxes for you to enter information about other areas of need, any additional funding that is received, and what support is in place to help the pupil.

The Post-16 version of the module is a table with numerous dropdown values for you to select from. There is a free text box for the user to enter information regarding details of the ECH Plan.

Meeting Module

The Meeting module is the first of two modules completed in the PEP meeting. In the Meeting module, the user can document who attended the meeting and record any notes from the meeting in the free text boxes below. The attendance of who went to the meeting is recorded by the Yes and No radio buttons on the right-hand side of the table. You can select contacts of who attended by clicking on the magnifying glass which opens a data table for you to select contacts from. New contacts can be added by selecting the Add New functionality within the data table. Any new contact added will automatically be stored in the Basic Info module Contacts tab. You won't need to enter their details again.

Targets & Actions Module

The Targets and Actions module differs between phases, the only difference relating to the Pupil Premium. EYFS will show EYPP, pupils of Statutory School Age will show PPP for shown and Post-16 pupils won't show any Pupil Premium or cost category for Targets and Actions. The cost category has dropdown values to select from. Smart Targets are also categorised and selected from a dropdown menu and values are entered in the box below.

Enter the name of the report, the date of the report, choose the relevant file, and upload. You can view uploaded reports by clicking on View Reports.

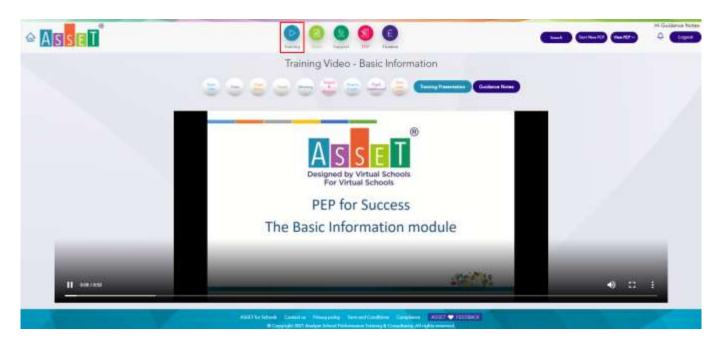

Media can be uploaded on each Pupil Voice Module by clicking on the image as shown below. Once uploaded the file is accessible in the box beneath it called Filename.

How to access PEP Training Video

PEP Training Videos can be accessed by clicking on Support then PEP Training Videos. You will be redirected to the videos section of the site.

A video is available for each module of PEP for Success, some modules have sub-menus for each phase to explain the different sections of the module which differs from the same module of different phases.

You are also able to access each training video on each module by clicking on the film icon next to the title.

System Requirements, Browser Preference and Devices

PEP for Success works best on the web browser Google Chrome, avoid using Internet Explorer as the functionality of the application is affected whilst using this web browser. If you do not have Google Chrome installed please ask a member from your IT department, if this is not possible then PEP for Success also works well with Mozilla Firefox. If you are using Apple iOS operating system please download Google Chrome or Mozilla Firefox, if this is not possible then please feel free to use Safari.

PEP for Success is compatible with desktop, mobile and tablet devices. All devices are supported to use PEP for Success, if you find any issues with the application please provide screenshot and screen resolution to <u>virtualschools@assetforschools.co.uk</u> the application will work well on a stable broadband connection.

You can find your screen resolution by right-clicking on the desktop and selecting Display Settings, once you click here the screen resolution should be displayed as Display Resolution and should show figures such as 1920 x 1080.
