

For the attention of the Head Teacher & Designated Teacher

Detailed below are Lewisham's arrangements for the payment of Pupil Premium Grant Plus (PPG+) funding for the financial year 2024-2025.

Applying for PPG+ Funding for Children Looked After to Lewisham LA

- Applications for PPG+ can only be made via the PEP process which will need to show how the request for funding is linked to a target and intervention and desired the outcome. We use a system called Asset for Schools, if you haven't already been sent a logon and password, please email Maxine McLeod - Maxine.mcleod@lewisham.gov.uk
- Once payment requests have been submitted for the young person through the PEP portal, the relevant phase leader will either approve, reject or question the request.
- To enable effective budget planning, we would ask schools to complete PPG+ requests by the end of the Autumn term to include planning for the rest of the academic year.

Key Guidelines:

The PPG+ for children looked after is linked to the personal education plan. This will identify how funding will be spent to support the young person in accordance with their PEP targets. The PEP Review will include an evaluation of the impact of the PPG+.

There is an expectation that PPG+ funding will impact directly on the learning outcomes for the individual young person and that in general there will be a narrowing of the attainment gap for young people in care through the successful application of their personal education plans.

Advice and guidance for PPG+ for PCLA children can be found at:
